WEDNESDAY WEEKLY WISDOM! "DIRECTION"

Your direction is more important than your speed.

Direction determines destination.

Effort and courage are not enough without purpose and direction.

We must travel in the direction of our fear.

If you do not change direction you may end up where you are heading.

Small steps in the right direction are better than big steps in the wrong direction.

I can't change the direction of the wind but I can adjust my sails.

Every positive thought propels you in the right direction.
