WEDNESDAY WEEKLY WISDOM!

"CHANCE"

Take every chance you get in life because sometimes things only happen once.

The 3 C's of Life: Choice, Chance, Change: You must make a choice to take a Chance or your life will never change.

One chance is all you need.

You never experience growth if you fear taking chances.

Take a chance because you never know how absolutely perfect it could turn out to be.

Our lives improve when we take chances.

Life always offers us a second chance. It is called tomorrow.
