"RISK"

The biggest risk a person can take is to do nothing.

Take the risk or lose the chance.

Risk is the price you pay for the opportunity.

If you don't risk anything you risk even more.

It's only when you risk failure that you discover things.

Take risks: if you win you will be happy...if you lose you will be wise.

Taking risk is the portal to innovation.

If you are not willing to risk the unusual, you will have to settle for the ordinary.
