WEDNESDAY WEEKLY WISDOM!

"CLEAR"

**Clear thinking requires courage
rather than intelligence.**

**We live out the confusions until
they become clear.**

**Not all storms come to disrupt
our lives; some come to clear
our path.**

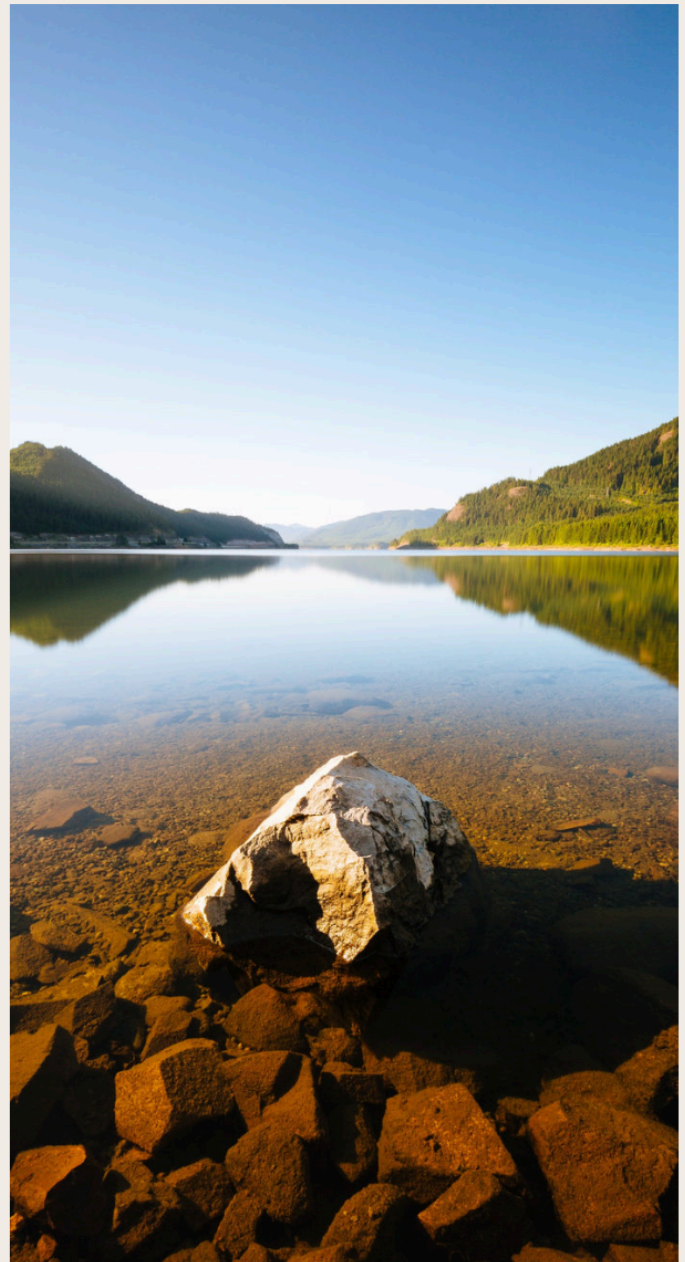

**Clean your space, clear your
mind.**

**When the why is clear the how is
easy.**

**Having a clear mind and a clear
space allows you to think and
act with purpose.**

**When your heart is pure, your
mind is clear.**

**When the vision is clear the
strategy is easy.**
