## WEDNESDAY WEEKLY WISDOM!

### "EXCUSE"

**Excuses are a powerful thing.  
One excuse can negate 100  
opportunities.**

**Make an effort not an excuse.**

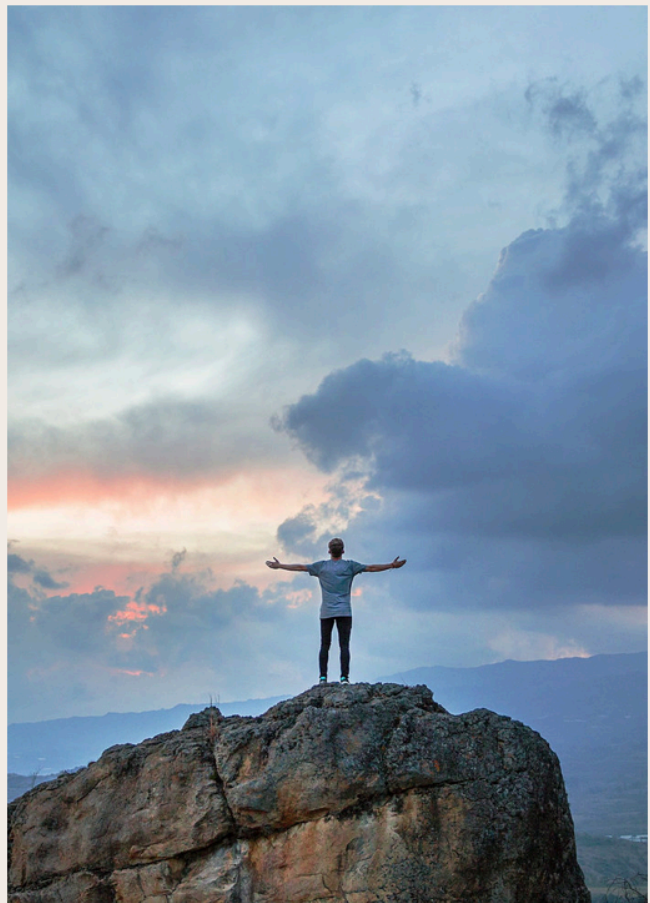

**A person of excuses is already  
displaying failure.**

**Once your excuses are gone you  
simply will have to settle for  
being awesome.**

**Excuses are for those who don't  
want it bad enough.**

**Maturity comes when you stop  
making excuses and start making  
changes.**

**Do what you can where you are  
with what you have. No excuses.**
