

WEDNESDAY WEEKLY WISDOM!

"HONESTY"

Honesty is the first chapter in the book of wisdom.

Honesty has a power that very few people can handle.

Honesty doesn't always pay but dishonesty always costs.

Honesty is a very expensive gift... don't expect it from cheap people.

Being honest may not get you a lot of friends, but it'll always get you the right ones.

Honest hearts produce honest actions.

If you want to be trusted be honest.

Honesty is nothing more than a wise choice.
