WEDNESDAY WEEKLY WISDOM!

"WORD"

Your word is your bond.

Words are free. It's how you use them that may cost you.

You can change the course of your life with your words.

Remember your words can plant gardens or burn whole forests.

Kind words are short and easy to speak, but their echoes are truly endless.

Words are the only things that last forever.

We are masters of the unsaid words, but slaves of those we let slip out.

Words are the most powerful drug used by mankind.
